

## Wall Mount Bracket

# Model WMB-01

## SPECIFICATION

The 'Aqualarm' WMB-01 Wall Mount Bracket allows 'Aqualarm' detector modules to be wall mounted.

It is made from mild steel; powder coated, and has four fixing points on the back to allow it to be fixed to the wall. A fixing point is available on each side, to allow the module to be securely fixed to the bracket.

Note - Module supplied separately
